Dear Traci

I just felt I should write you a little note to thank you and Chris for the excellent way in which our Convention morning tea and lunch progressed at Café Fibonacci on Saturday morning 17th October.

Everything was provided at the right time and the whole morning was so much enjoyed by all those present – I have had many emails thanking me and the Society for such an enjoyable start to the Convention.

I would have no hesitation in recommending Café Fibonacci and your convention facilities to any of my friends.

Yours sincerely

Peter Wiadrowski
